## CERTIFICATE IN INFECTIOUS DISEASES

### ONLINE PROGRAM •

Quexst Healthcare & Nanavati Max Super specialty Hospital, Mumbai brings you the opportunity to learn a very scientific way to treat patients. The program is a fully online program, giving you flexibility to learn at your own pace, going through the lectures any time, any number of times. After COVID and with the current lifestyles of many people of different age groups and professions, Infections are rampant and have become a common problem and at times serious and fatal. Would you rather learn how to treat these patients yourself (with full knowledge and confidence) than refer them to another expert?

### DURATION •

The program duration is 16 weeks. There are 12 modules covering exhaustively all you need to know for primary care. The program is fully online, giving you flexibility to learn at your own pace, going through the lectures any time, any number of times.

You will receive the program certificate from Nanavati Max Super Specialty Hospital. The certificate issued on successful completion of the program is not a registrable qualification.

## WHAT?

### MODULES

The program has 60 lectures. Please visit [www.quexst.com](http://www.quexst.com) to see the sample lecture & certificate & student feedbacks.

### EVALUATION / ASSESSMENT

At the end of every module, there is an MCQ based module end test. The student can schedule the final examination as per convenience.
